(1) Commercial property owners in DVI's Downtown district pay 1.1 mils of their property's assessed value to DVI. These additional requested funds represents the difference between the City's historic contribution to DVI (\$311,660) and the actual 1.1 mils calculation using the value of the City's owned property (\$478,336) while crediting the COJ for the discounted rent it provided to DVI (\$33,988). DVI currently pays the City \$12,000 annually in rent, whereas fair market value of similar office space is estimated at \$45,988 according to a well respected local commercial broker as well as the City's own commissioned IRR studies. This \$33,988 has been subtracted from the additional funds that would equal a 1.1 mils contribution by the City of Jacksonville (\$166,676).

These additional city funds will be earmarked for 3.4 FTE Ambassadors who will be dedicated to providing clean and safe services in support of the 1,000+ new employees in the Downtown Core over the past year as well as the street level investment of nearly \$4 million as a result of the DIA's Retail Enhancement Program.

(2) Contracted services includes 4.4 FTE ambassadors, 5.2 FTE cleaners and a supervising project manager, plus uniforms, supplies and equipment for program. This line item includes 50% of the Director of District Services salary plus 25% of all admin costs.

(3) Includes salaries for Director of Marketing, Communications Coordinator and Marketing and Events Manager. Includes 25% of the admin budget.

(4) Includes salary for 50% of Director of District Services and 25% of entire admin budget.

(5) This represents 25% of the entire admin budget, which includes the CEO and Office Manager positions.

## General Fund - GSD Revenue and Expenditure Forecast Information and Assumptions

### Expenditures (continued)

#### Debt Service

Based on amortization schedules. This category will continue to decline as older bond issues are retired. Newer, current and future bond issues are included in a different category titled "Debt Management Fund Repayments". These two categories in the future will be combined together.

#### Contingencies

Forecast includes on those contingencies that are included each year.

- Federal Programs Contingency (B1c)
- Federal Matching Grants (B1b)
- Council and Mayor's Operating Contingencies

#### Transfers to Other Funds

Assumes flat budget for all transfers with the below exceptions

- Property Appraiser: 0.5% increase annually
- Tax Collector: 0.5% increase annually
- Special Events: 4% increase annually. This is the fund that contains the FL/GA game costs.
- Stormwater: 1% increase annually
- City Venues: Based on estimates from SMG and required debt repayment schedules.

#### Debt Management Fund Repayments

Based on amortization schedules for existing loans and estimates based on outstanding authorization as well as the proposed FY 17 - 21 CIP.

FY 16-17 VEHICLE REPLACEMENTS

	Capital	Payment
Pay-As-You-Go (pay-go):	16,627,470	2,351,707
Short Term Commercial Paper:	<u>10,952,810</u>	<u>515,014</u>
	27,580,280	2,866,721

This schedule contains the vehicles that will be replaced in FY17 as approved by Council. In order to receive the replacement vehicle the "old vehicle" as stated here by vehicle number must be turned in. Fleet Management has the option to keep turned in patrol vehicles on the City cap to be used exclusively for JSO wreck replacements. Any changes to this schedule will have a financial impact in FY17.

State of Florida	STD	The Jacksonville Teen Health Centers are STD/HIV prevention outreach programs offered on high school campuses and other community sites. These outreaches provide comprehensive health education, free condoms, STD/HIV/pregnancy screening, STD treatment, and referrals for related services. This funding will help support five high schools (Terry Parker, Jackson, Ribault, Englewood, and Sandalwood) and one community-based organization (Jacksonville Area Sexual Minority Youth Network). Funding will also help this much needed program to expand to eight sites total and increase service hours over the next two school years. Services sites were selected due to their location in areas with high STD/HIV morbidity. Teenagers and young adults bear the majority of the burden for STDs. Sixty-four percent of all STDs in Duval occur in this population. Within this age group, nearly 1 out of every 19 individuals has had an STD and the rate of infection is 4.47 times higher than the reported STD rate of the total population. Duval County has some of the highest rates of STDs in the nation. For all three reportable STDs (Chlamydia, Gonorrhea, and Syphilis), Duval has a higher case rate than the national average. Youth served during the outreaches are 13-19 year-olds and predominantly African American	331,200	555,535	886,735
State of Florida	Immunizations	The Florida Department of Health partnered to provide services in a network of Federally Qualified Health Centers for 15 years. At the South Jacksonville Family Health Center location we have long noted a significant number walk in immunization clients. As the Agape Community Health Center Network becomes independent, we plan create an immunization center at the South Jacksonville location. There is a large refugee population in the vicinity of the University Boulevard location that we intend to serve. We anticipate doing well over 1000 vaccinations annually at this site, and establishing this location as a center for immunization information and education. As we have seen an increase in the numbers vaccine preventable infections, we must increase our efforts to improve immunization acceptance and administration rates. Additionally, influenza remains a significant cause of morbidity in our community. We will launch a flu vaccine campaign targeting pre-school age children, as the immunization of children is proven to decrease transmission among adults.		258,292	258,292
State of Florida	HERAP	DOH-Duval's Hospital Emergency Room Alternative Program (HERAP) is currently run using low income pool funds. Its mission is to improve health outcomes for uninsured, underinsured, and low income residents of our community. This is accomplished through connection with preventive health services, "Medical Homes", and evidence-based chronic disease management services, especially for those at risk of over-using ERs for ambulatory care conditions. Nurses and health educators use a cadre of evidence based programs to provide services to over 1000 clients per year through case management and outreach. These services have generated a community cost savings of more than \$200,000 a year in ER diversions since 2011. Through HERAP's Medication assistance program, more than \$500,000 of medication has been delivered annually to clients for the past 5 years. With the discontinuation of the LIP program, DOH-Duval must continue to provide these vital services, thus maintaining cost savings for the community and improving outcomes for clients.	331,200	150,243	481,443
