PURPOSE: White Paper (Explain Why this legislation is necessary? Provide; Who, What, When, Where, How and the Impact.) Council Research will complete this form for Council introduced legislation and the Administration is responsible for all other legislation. (Minimum of 350 words - Maximum of 1 page.)

The purpose of this legislation is to provide additional funds for the Florida Theater Terra Cotta Restoration project for unknown deficiencies identified during construction. An assessment performed by the contractor, as part of their scope, identified several areas where the brick had cracked and mortar joints separated. Based on this assessment, the additional work was needed to stabilize the structure and to protect and warrant the areas already repaired. Deferral of this amendment of the CIP until the next annual budget and CIP review will be detrimental to the best interest of the community because such deferral will result in the unnecessary delay of completing the project repairs. The Public Works Department / Engineering & Construction Management Division will provide oversight for this project.
