Jacksonville, Florida 32202

**RE: Planning Commission Advisory Report**

**Ordinance No.: 2017-214**

**Application for: Brougham Ave Commercial PUD**

Dear Honorable Council President Boyer, Honorable Council Member and LUZ Chairperson Becton and Honorable Members of the City Council:

Pursuant to the provisions of Section 30.204 and Section 656.129, *Ordinance Code*, the Planning Commission ("PC") respectfully offers this report for consideration by the Land Use and Zoning Committee ("LUZ").

- Recommendation by JPDD:  Approve  Approve with Conditions  Deny
- Recommendation by PC to LUZ:  Approve  Approve with Conditions  Deny
- This rezoning is subject to the following exhibits:
  1. The original legal description dated February 22, 2017.
  2. The original written description dated March 20, 2017.
  3. The original site plan dated December 6, 2016.

• Recommended Planning Commission Conditions\* to the Ordinance:

1. All sag lenses, drop lenses and convex lenses shall be prohibited. Illumination levels at all property lines shall not exceed one-half (.5) foot candles ("f.c.") when the building or parking areas are located adjacent to residential areas, and shall not exceed one (1.0) f.c. when abutting other non-residential properties. All lighting lamp sources within parking and pedestrian areas shall be metal halide, compact fluorescent or LED. The maximum light pole height in all parking areas should not exceed thirty feet (30'- 0"). An exterior lighting design plan, including a photometrics plan, pole and fixtures schedules shall be submitted at the time of Verification of Substantial Compliance for review and approval by the Planning and Development Department. Light fixtures shall be mounted on canopies so that the lens cover is recessed or flush with the bottom surface (ceiling) of the canopy.
2. Ground signs shall not exceed 30 feet in maximum height.

\*Additions made by PC to the proposed Jacksonville Planning and Development Department ("JPDD") conditions are underlined and deletions are indicated with a ~~strikethrough~~.

- Recommended PC Conditions that can be incorporated into the Written Description: None
- PC Vote: 6-0
- PC Commentary: There were two speakers in opposition. The first speaker represented the residential development under construction to the west. He had four requirements – increase west setback from 5 feet to 10 feet; maximum building height should be 35 feet; relocate dumpster farther east and any sign should be a low monument style.

The second speaker feels a dedicated left turn lane should be installed at the intersection of Brougham/Beach. There is a commercial development to the east that will begin using Arpino Drive to access the signal at Brougham.

The agent indicated he will submit a revised written description before the LUZ meeting that limits the building height in Parcel B to 35 feet.
