

**EXHIBIT D**  
**WRITTEN DESCRIPTION**  
**Kernan Self Storage PUD**  
**October 10, 2017**

**I. PROJECT DESCRIPTION**

The fee simple owner of the real property identified in the attached Exhibit, RE# 165264-0050, ("The Property"), which contains approximately 2.22 acres, is currently zoned Planned Unit Development (PUD) via Ordinance 2003-131-E, and all portions of the subject property are designated RPI. The owners of the Property have identified this portion of that original PUD, Parcel "C", as an opportunity to provide a self-storage facility near a major interchange and proximate to densely developed residential communities.

The Property is located within an intensive commercial node, which also contains one of the few grade separated interchanges along these major corridors. With a height of almost 50 feet and carrying four lanes of traffic at speeds of 45 miles per hour, the infrastructure in this immediate area is urban in nature. As would be expected at the confluence of two such roadways, the property on all four corners of the intersection promote intensive commercial uses. The subject property itself was intended as a multi-use development, allowing retail and office activities.

Adjacent and surrounding parcels are utilized for various intensive commercial activities including, Wal-Mart, a BJ's Warehouse, restaurants, hotels, and other retail venues. All totaled, the interchange area is entitled for almost two-million square feet of retail uses. The Property was originally intended as a transition between the intensive commercial activity and the large residential population extending out in each direction from the interchange.

The Subject Property does not possess significant or unique characteristics, variation of elevations or natural features. The applicant has not utilized any outside professional services in preparing this PUD request, but will engage all required engineers and contractors upon adoption by the City. The PUD proposed does not differ significantly from the conventional zoning code for IBP. The allowable uses are reduced from the conventional district and landscape standards along the residential boundary are increased to offer more buffering than would typically be afforded. The proposed PUD is intended to respect the original PUD while permitting this additional use for self-storage. In consideration of the uses on either side of the Property, the PUD is the appropriate vehicle to buffer the residential to the south from the large Shopping Center located at the intersection of Atlantic Boulevard and Kernan Boulevard. The subject property represents an ideal infill opportunity, promoting a transitional use between intensive residential and intensive commercial developments. Additionally, the PUD permits the continuation of the original development plan for the other two parcels in the existing PUD and allows signage for this parcel on the existing sign structure as a part of that PUD. No changes will occur to the remaining two properties of the original PUD, currently developed as banks with drive thru's. The Property has always permitted commercial uses but due to the lack of frontage the parcel was never developed. Self-storage uses are ideal for creating the appropriate transition between the other uses while promoting an architectural style that looks more like a

professional office. Additionally, these uses have lesser impacts than their office counterparts. The proposed development not only acts as a land use and zoning buffer, but also a physical barrier to noise and lighting associated with the overpass. This PUD zoning will offer flexibility to the developers, while providing certainty to the community.

The Property is to be operated and used in accordance with the terms and limitations of this PUD ordinance and its supporting exhibits, as described within this written description and the City's Zoning Code. Further, all future maintenance and operations will be the sole responsibility of the land owner(s), in compliance with the Municipal Ordinance for the City of Jacksonville and this PUD. Construction would be intended to commence immediately upon approval of the zoning and engineering entitlements.

## II. USES AND RESTRICTIONS

The Property will be developed and operate as one individual parcel designated as Parcel C, with the other parcels of the Original PUD (Ord 2003-131-E) already developed to the east, as depicted on the attached site plan (Exhibit E) dated October 10, 2017 (the "Site Plan,") which is incorporated herein by this reference.

### *A. Permitted Uses:*

The Permitted Uses within this PUD, Parcel "C" shall be as follows:

- (1) Personal Property Storage Establishments, either as multi-story buildings or as conventional single story self-storage facilities with roll up doors.
- (2) Banks, including drive-thru tellers, savings and loan institutions, and similar uses.
- (3) Professional and business offices, buildings trades contractors that do not require outside storage or the use of heavy machinery, ditching machines, tractors, bulldozers or other heavy construction equipment and similar uses.
- (4) Medical and dental or chiropractic offices and clinics.
- (5) Commercial indoor recreational or entertainment facilities such as bowling alleys, swimming pools, indoor skating rinks and a movie theater not exceeding two cinema screens.
- (6) Art galleries, museums, community centers, dance, art, gymnastics, martial arts or music studios.
- (7) Vocational, trade or business schools and similar uses.
- (8) Day care centers or care centers meeting the performance standards and development criteria set forth in Part 4.
- (9) Express or parcel delivery offices and similar uses (but not freight or truck terminals)

(10) Veterinarians and animal boarding, subject to the performance standards and development criteria set forth in Part 4.

(11) Retail outlets for the sale of used wearing apparel, toys, books, luggage, jewelry, cameras, sporting goods, home furnishings and appliances, furniture and similar uses.

(12) Churches, including a rectory or similar use.

(b) *Permitted accessory uses and structures.* See Section 656.403.

(c) *Permissible uses by exception.* None

### III. DEVELOPMENT STANDARDS

#### A. *Dimensional Standards.*

1. *Minimum parcel area and yard areas:* The minimum lot size, lot width and yard areas for structures shall be as follows:

Lot Size – 7,500 square feet

Lot Width – 75 feet

Yards -

Front: 20 feet

Side: None, except that any multi-story (greater than 25 feet in height) structure shall not be closer than 245 feet to the southerly property boundary

Rear: 10 feet

2. *Maximum parcel or sub-parcel coverage by all buildings and structures:* 60%
3. *Maximum height of structures:* Shall be limited to fifty (50) feet.

#### B. *Ingress, Egress and Circulation.*

1. Vehicular ingress and egress shall be substantially as shown on the Site Plan.

#### C. *Signs.*

1. One shared street frontage sign (existing), not exceeding 125 square feet in area for use in common by all of the occupants of the combined properties of this PUD and the former PUD, to be allocated and maintained by the owners and occupants of the Property in accordance with their recorded easement and operation agreements. (Both 1 and 2 Signage (banks) are already existing on site)

2. Wall signs are permitted in accordance with the City of Jacksonville Land Use Regulations.

D. *Site Design and Landscaping.*

1. Site Design shall promote integration of the combined parcels. Additionally, the developer shall provide a landscape buffer, 20 feet in width along the entire southern border of this PUD, Parcel "C", which shall include a wall or fence, or berm(s) and/ or landscaping at least eight (8) feet in height and at least eighty-five percent (85%) opacity, and meeting the standards for such buffers in the City of Jacksonville Land Use Regulations including the requirement for trees in such areas.
2. Part 12 of the Zoning Code shall be implemented as applicable to all other landscape matters.

E. *Building Orientation*

1. *General:*

The development will be situated in a manner that permits an efficient use of the property while locating buildings and their primary entryways toward the east, west, and north, nearest the adjacent roadways. Loading and storage areas shall be located along the westerly and easterly areas of the buildings, in a manner that screens these areas from the adjacent roadways and the residential development to the south.

F. *Parking*

1. Parking shall conform to Part 6, Zoning Code, as it relates to all matters.

**IV. JUSTIFICATION FOR PLANNED UNIT DEVELOPMENT CLASSIFICATION FOR THIS PROJECT**

The proposed project is consistent with the general purpose and intent of the City of Jacksonville 2030 Comprehensive Plan and Land Use Regulations. The proposed rezoning is a reasonable manner by which to permit the infill of an undeveloped parcel, while promoting a transition in uses and intensity.

The proposed zoning will act as a vehicle to properly locate a low intensity use between a densely developed residential community and an intensive commercial development at this major interchange. This PUD is designed to protect the usable nature of the property while promoting numerous Goals, Objectives and Policies of the 2030 Comprehensive Plan. The

project seeks to permit supportive uses consistent with the nature of the corridors and the relationship to the built environment.

This PUD:

Is more efficient and effective than would be possible through strict application of the City of Jacksonville Land Use Regulations or a conventional zoning district which cannot be subject to generalized site plans;

Represents a valuable opportunity to promote transitional land use, buffering and design standards that act to reduce impacts associated with the infrastructure and development patterns at this intersection. The PUD offers a combination of possible uses, properly designed to promote the integration of several properties in an efficient and effective manner. This development plan represents a sustainable and desirable development pattern at an infill location;

Will promote the purposes of the 2030 Comprehensive Plan, including the following:

1. Goal 3, FLUE, Achieve a well balanced and organized combination of uses while protecting the neighborhoods and enhancing the viability of non-residential areas.
2. Objective 3.2, FLUE, Promote the viability of emerging commercial and industrial areas to achieve an integrated land use fabric, supporting the City's residential areas.
3. Policy 3.2.1, FLUE, promote development of light industrial uses in the form of nodes or centers.
4. Policy 3.2.2, FLUE, promote through the LDR's, infill of existing commercial areas
5. Policy 3.2.12, FLUE, promoting areas inappropriate for less intense development for light industrial uses, requiring these uses to be appropriately buffered from commercial development.
6. Policy 3.2.18, FLUE, City shall permit business parks in locations adjacent to residential areas, subject to the Development Areas, Category descriptions and the LDR's.

## **V. SUCCESSORS IN TITLE**

All successors in title to the Property, or any portion of the Property, shall be bound to the conditions of this PUD.

## VI. PUD REVIEW CRITERIA

- A. *Consistency with Comprehensive Plan.* The Property is designated RPI pursuant to the City's Future Land Use Map Series of the City's 2030 Comprehensive Plan. A small scale land use amendment accompanies this PUD, creating a transitional land use pattern with Parcel "C" being amended to the BP Land Use Category. This PUD zoning will promote a logical pattern of Land Use that is both appropriate, given the nature of this interchange, and promotes reinvestment of underutilized commercial property.
- B. *Consistency with the Concurrency Management System.* The development of the Property will comply with the requirements of the Concurrency Management/Mobility System.
- C. *Allocation of Residential Land Use.* No residential use is intended for this PUD.
- D. *Internal Compatibility/Vehicular Access.* Vehicular access to the site is available from Kernan Boulevard, via an existing driveway between the two existing banks, as well as from those individual outparcels and the shopping center to the north.
- E. *External Compatibility/Intensity of Development.* The intent of the development is to permit infill at an existing intensive, commercial node. The City's 2030 Comprehensive Plan promotes IBP uses as a buffer between commercial and residential uses and it is the specific intent of this PUD to promote architectural design, office building appearance, while creating a logical transition.
- F. The development will be appropriately screened from adjacent properties and structures and will be oriented in a manner that will reduce impacts to the surrounding uses.
- G. *Recreation/Open Space.* The PUD will not include recreational uses.
- H. *Impact on Wetlands.* Any development activity which would impact wetlands will be permitted in accordance with local, state and federal requirements.
- I. *Listed Species Regulations.* Not Applicable.
- J. *Off-Street Parking & Loading Requirements.* The development will be constructed in accordance with Part 6, Zoning Code.
- K. *Sidewalks, Trails, and Bikeways.* The development will be consistent with the 2030 Comprehensive Plan.

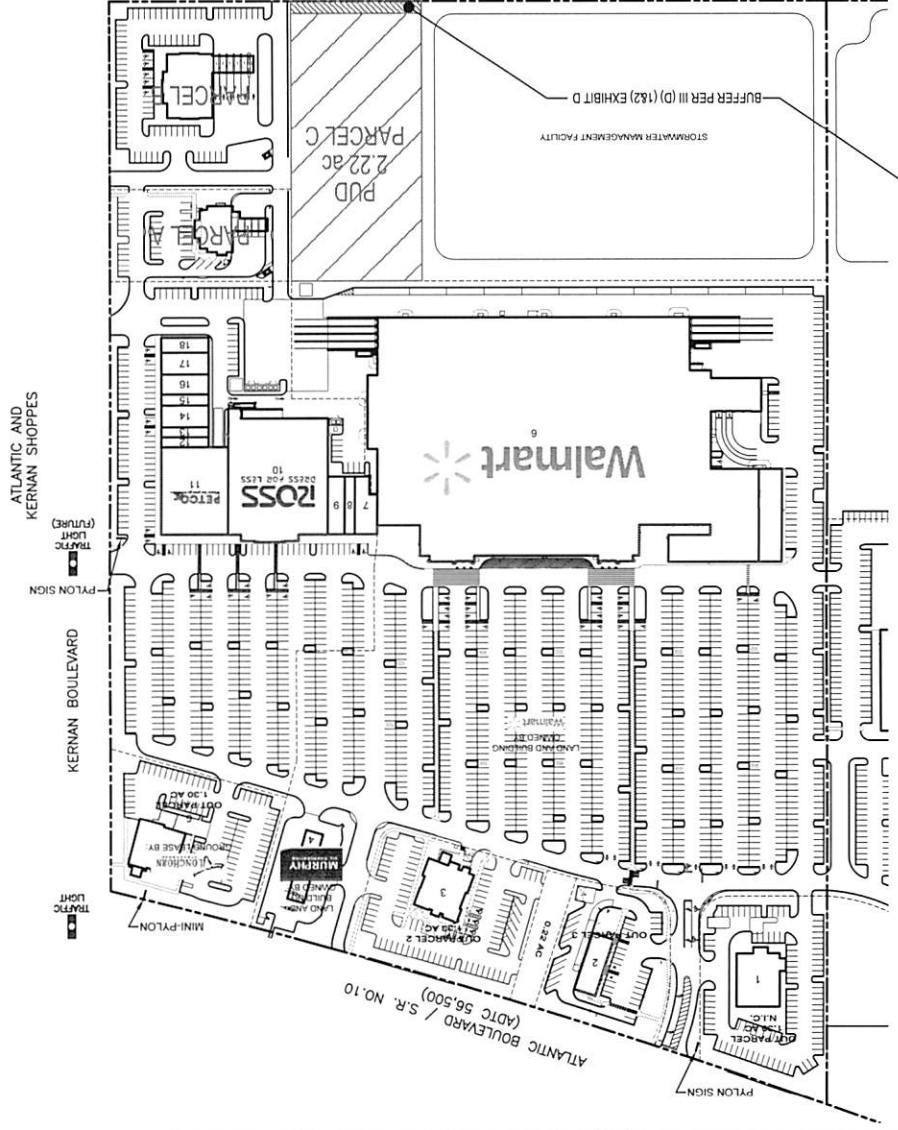

- L. *Stormwater Retention.* Stormwater shall be conveyed, treated and stored in accordance with all City of Jacksonville and St. Johns River Water Management District requirements.
  
- M. *Utilities.* Electric power, water and sewer services are furnished to the Property by the Jacksonville Electric Authority.

**REPORT OF THE PLANNING AND DEVELOPMENT DEPARTMENT FOR****APPLICATION FOR REZONING ORDINANCE 2017-0495****TO PLANNED UNIT DEVELOPMENT****AUGUST 17, 2017**

The Planning and Development Department hereby forwards to the Planning Commission, Land Use and Zoning Committee and City Council its comments and recommendation regarding Application for Rezoning Ordinance **2017-0495** to Planned Unit Development.

***Location:*** 0 Atlantic Boulevard  
West side of Kernan Boulevard South between Atlantic Boulevard and Kensington Lake Drive

***Real Estate Numbers:*** 165264 0050

***Current Zoning District:*** Planned Unit Development (Ord. 2003-0131)

***Proposed Zoning District:*** Planned Unit Development (PUD)

***Current Land Use Category:*** Residential Professional Institutional (RPI)

***Proposed Land Use Category:*** Business Park (BP)

***Planning District:*** Greater Arlington/Beaches, District 2

***Applicant/Agent:*** Michael Herzberg, AICP  
4071 Cove St. Johns Road  
Jacksonville, FL 32277

***Owner:*** Property Management Support, Inc.  
1 Sleiman Parkway  
Jacksonville, FL 32216

***Staff Recommendation:*** **APPROVE WITH CONDITIONS**

**GENERAL INFORMATION**

Application for Planned Unit Development (PUD) **2017-0495** seeks to rezone approximately 2.34 acres of land from PUD (2003-0131) to PUD. There is a companion Application for Small Scale Land Use Amendment to the Future Land Use Map Series of the *2030 Comprehensive Plan, Ordinance 2017-0494 (Application 2016C-032)* that changes the function land use category of the subject property from Residential Professional Institutional (RPI) to Business

Park (BP). The property is located west of Kernan Boulevard South, between Atlantic Boulevard and Kensington Lakes Drive and is accessed via a driveway from Kernan Boulevard South adjacent to the abutting properties to the east. The current PUD zoning district allows for a variety of commercial and multi-family residential uses; however, the subject property has not been previously developed and the property owners are seeking to expand the use of potential uses for the site to include a self-storage facility along with other commercial uses.

### **CRITERIA FOR REVIEW**

Pursuant to the provisions of Section 656.125 of the Zoning Code, the Planning and Development Department, Planning Commission and City Council (including the appropriate committee) shall evaluate and consider the following criteria of an application for rezoning to Planned Unit Development.

*(1) Is the proposed zoning district consistent with the 2030 Comprehensive Plan?*

Yes. The Planning and Development Department finds that the subject property is located in the RPI functional land use category as defined by the Future Land Use Map series (FLUMs) contained within the Future Land Use Element (FLUE) adopted as part of the *2030 Comprehensive Plan*. However, a companion Application for Small Scale Land Use Amendment to the Future Land Use Map Series of the *2030 Comprehensive Plan* (Ordinance 2017-0494, Application 2016C-032) was filed requesting an amendment of the subject property's functional land use category from RPI to BP. The BP future land use category is primarily intended to accommodate commercial office and light industrial uses. If the amendment is adopted by City Council, this Application for Rezoning from PUD to PUD will be consistent with the FLUMs adopted as part of the *2030 Comprehensive Plan*, pursuant to Chapter 650, *Comprehensive Planning for Future Development* of the Ordinance Code. The proposed PUD sets out a development plan for the remaining undeveloped parcel located in Kernan Village South. The proposed PUD seeks to permit all uses approved under the previous PUD (2003-0131) with the addition of a self-storage facility.

*(2) Does the proposed rezoning further the goals, objectives and policies of the 2030 Comprehensive Plan?*

Evaluation of the goals, objectives and policies of the Comprehensive Plan can be found later in this report.

*(3) Does the proposed rezoning conflict with any portion of the City's Land Use Regulations?*

The written description and the site plan of the intended plan of development meet all portions of the City's land use regulations and further their intent by providing specific development standards.

Pursuant to the provisions of Section 656.341(d) of the Zoning Code, the Planning and Development Department, Planning Commission and City Council (including the appropriate

committee) shall evaluate and consider the following criteria for rezoning to a Planned Unit Development district:

*(1) Consistency with the 2030 Comprehensive Plan*

In accordance with Section 656.129 of the Zoning Code, *Advisory recommendation on amendment of Zoning Code or rezoning of land*, the subject property is proposed to be in the BP functional land use category as identified in the Future Land Use Map series (FLUMs). The PUD site plan appears to be compatible with the development characteristics of the BP, Suburban Area (UA) land use category description.

This proposed rezoning to Planned Unit Development is consistent with the *2030 Comprehensive Plan* including the following Future Land Use Element (FLUE) goals, objectives and policies:

*Future Land Use Element (FLUE) Objective 1.1*

Ensure that the type, rate and distribution of growth in the City results in compact and compatible land use patterns, an increasingly efficient urban service delivery system and discourages the proliferation of urban sprawl through implementation of regulatory programs, intergovernmental coordination mechanisms, and public/private coordination.

*FLUE Policy 1.1.10*

Gradual transition of densities and intensities between land uses in conformance with the provisions of this element shall be achieved through zoning and the development review process.

*FLUE Policy 1.1.22*

Future development orders, development permits and plan amendments shall maintain compact and compatible land use patterns, maintain an increasingly efficient urban service delivery system and discourage urban sprawl as described in the Development Areas and the Plan Category Descriptions of the Operative Provisions.

*FLUE Policy 3.2.3*

Protect neighborhoods from potential negative impacts by providing a gradation of uses and scale transition. The Development Regulations shall be amended to provide for an administrative process to review and grant, when appropriate, relief from the scale transition requirements.

*FLUE Objective 3.2*

Continue to promote and sustain the viability of existing and emerging commercial and industrial areas in order to achieve an integrated land use fabric which will offer a full range of employment, shopping, and leisure opportunities to support the City's residential areas.

*FLUE Policy 3.2.7*

The City shall implement the locational criteria of this element for commercial and industrial uses consistent with the character of the areas served, availability of public facilities, and market demands.

*FLUE Objective 6.3*

The City shall accommodate growth in Jacksonville by encouraging and facilitating new infill development and redevelopment on vacant, bypassed and underutilized land within areas that already have infrastructure, utilities, and public facilities, while addressing the needs of City residents.

The subject site is currently vacant land located just west of two banks with frontage on the west side of Kernan Boulevard. The applicant is seeking to rezone the PUD to allow the construction of a self-storage unit to serve the nearby commercial and residential areas. Entrance to the site will be from Kernan Boulevard by way of a twenty-foot wide access between the two banks. The PUD will limit the height of the storage structure to fifty (50) feet due to the civilian height restriction zone of Craig Airfield. There is a companion land use amendment (Ord. 2017-0490) to change the land use from RPI to BP to allow for the construction of the storage units. Therefore, the proposed rezoning is consistent with FLUE Policies 1.1.10, 1.1.22, 3.1.3, and 3.2.7, FLUE Objectives 1.1, 3.2 and 6.3. Further, the subject site is served by city water and city sewer.

The proposed rezoning has been identified as being related to the following issues identified in the *2030 Comprehensive Plan*:

**Airport Environment Zone**

The site is located within the 50 foot Height and Hazard Zone for Craig Airfield. Zoning will limit development to a maximum height of less than 50 feet, unless approved by the Jacksonville Aviation Authority (JAA) or the Federal Aviation Administration (FAA). Uses located within the Height and Hazard Zone must not create or increase the potential for such hazards as electronic interference, light glare, bird strike hazards or other potential hazards to safe navigation of aircraft as required by Section 656.1005.1(d).

*FLUE Objective 2.5*

Support and strengthen the role of Jacksonville Aviation Authority (JAA) and the United States Military in the local community, and recognize the unique requirements of the City's other airports (civilian and military) by requiring that all adjacent development be compatible with aviation-related activities.

Therefore, the proposed rezoning is consistent with the FLUMs adopted as part of the *2030 Comprehensive Plan* pursuant to Chapter 650, Comprehensive Planning Ordinance.

*(2) Consistency with the Concurrency and Mobility Management System*

Pursuant to the provisions of Chapter 655 of the Ordinance Code, *Concurrency and Mobility Management System*, the development will be required to comply with all appropriate requirements of the Concurrency and Mobility Management System Office (CMMSO) prior to development approvals.

*(3) Allocation of residential land use*

The proposed PUD adds a non-residential use, personal self-storage facility to the existing approved PUD, which contains multi-family uses. As such, this proposed development will not exceed the projected holding capacity reflected in Table L-20, Land Use Acreage Allocation Analysis contained within the FLUE of the *2030 Comprehensive Plan*.

*(4) Internal compatibility*

The proposed PUD is consistent with internal compatibility factors, with specific reference to the following:

The existence or absence of, and the location of, open spaces, plazas, recreational areas and common areas: The proposed PUD is for a public storage facility; therefore, no open space or recreational area requirements exist.

The use of existing and proposed landscaping: The subject property is currently undeveloped. The proposed landscaping includes a twenty (20) foot buffer along the southern property line. This buffer will include a wall, fence, or berm(s) that will be at least eight (8) feet in height and at least 85% opaque, meeting the standards for buffers in the City of Jacksonville Land Use Regulations. Additionally, the site will further be developed in accordance with Part 12 of the Zoning Code.

The treatment of pedestrian ways: Sidewalks will be provided as required by the *2030 Comprehensive Plan*.

Traffic and pedestrian circulation pattern: The property will be accessed via a twenty (20) foot access road between the two adjoining commercial properties from Kernan Boulevard South. This is a privately maintained access road developed as part of the overall commercial development. Pedestrian walkways will be developed in accordance with the *2030 Comprehensive Plan*.

The use and variety of building setback lines, separations and buffering: The proposed development consists of a series of personal storage warehouses. Each warehouse building will be oriented towards the north, east and west property lines. Loading and storage areas will also be located along the westerly and easterly areas of the buildings in a manner that will screen the areas from the adjacent roadways and residential development from the south. Additionally, a twenty (20) foot landscape buffer with associated fence/wall/berm is proposed along the southern property line. The fence/wall/berm will be a minimum of eight (8) feet in height and at least 85% opaque. The Written Description also states that any structure in Parcel 'C' shall be no closer than 260 feet from the residentially occupied building to the south.

Signage: The PUD proposes one street frontage sign for Parcel "A", not exceeding one square foot for each linear foot of street frontage for the parcel. Additionally, one shared street frontage sign, not exceeding 200 square feet, will be for use by all occupants of the property and it will be allocated and maintained by the owners and occupants of the property in accordance with their record easement and operation agreements. Wall signs will also be permitted in accordance with Sec. 656, Part 13 of the Zoning Code.

*(5) External Compatibility*

Based on the written description of the intended plan of development and site plan, the Planning and Development Department finds that external compatibility is achieved by the following:

Those areas of the proposed PUD located on or near its perimeter and the conditions and limitations thereon: The western boundary of the subject property is bounded by an existing retention pond that assists with the separation of the site from the abutting residential to the west. Additionally, the property abuts commercial uses to the north and east. The southern property line abuts a multi-family residential development. A twenty (20) foot landscape buffer is proposed along the south property line to further separate the proposed uses from the adjoining multi-family residential.

The type, number and location of surrounding external uses: The subject property is predominantly surrounded by a variety of PUD zoning districts that include a variety of uses including multi-family, single-family and commercial. The subject site is separated by the single-family uses to the west by an existing retention pond associated with the existing commercial development. The property is immediately adjacent to commercial uses to the north and east. However, a multi-family development abuts the property immediately to the south.

The Comprehensive Plan and existing zoning on surrounding lands: The request for the proposed PUD to develop a personal self-storage facility within the BP land use category is relatively consistent with the adjacent uses, zoning and land use categories as shown below:

<u>Adjacent Property</u>	<u>Land Use Category</u>	<u>Zoning District</u>	<u>Current Use(s)</u>
North	CGC	PUD	Commercial
East	RPI	PUD	Commercial
South	MDR	PUD	Multi-family
West	RPI/LDR	CO/RMD-A/PUD	Retention/Single-family

Lighting: The applicant has not submitted a lighting plan for the proposed development.

*(6) Intensity of Development*

The proposed development will be relatively consistent with the BP functional land use category and is proposed to be personal self-storage facility, not to exceed 57,500 square feet according to the Land Use Table (Exhibit F). The PUD is appropriate at this location with specific reference to the following:

The availability and location of utility services and public facilities and services: Jacksonville Electric Authority (JEA) electric, water, and sewer services are available at this location.

The access to and suitability of transportation arteries within the proposed PUD and existing external transportation system and arteries: As shown on the proposed site plan, access to the

site will be available via an existing access road within the PUD from Kernan Boulevard South. Internal access to the site is also available throughout parking lots and other driveways within the existing PUD (PUD 1995-0610 and PUD 2003-0131).

*(7) Usable open spaces plazas, recreation areas.*

The proposed PUD is for a commercial self-storage storage facility or other commercial use; therefore, no open space or recreational area requirements exist.

*(8) Impact on wetlands*

No wetlands were identified as being located on the parcel subject to the PUD rezoning. However, any development impacting wetlands will be permitted pursuant to local, state and federal permitting requirements.

*(9) Listed species regulations*

No wildlife survey was required as the project is less than the 50-acre threshold.

*(10) Off-street parking including loading and unloading areas.*

Parking shall conform to requirements as set forth in Part 6 of the Zoning Code.

*(11) Sidewalks, trails, and bikeways*

The project will be developed in accordance with the *2030 Comprehensive Plan*.

**SUPPLEMENTAL INFORMATION**

Upon visual inspection of the subject property on August 1, 2017 the required Notice of Public Hearing signs were posted.

**RECOMMENDATION**

Based on the foregoing, it is the recommendation of the Planning and Development Department that the application for Rezoning 2017-00495 be **APPROVED** with the following exhibits:

1. **The legal description dated June 15, 2017.**
2. **The written description dated April 26, 2017.**
3. **The site plan dated April 26, 2017.**

Based on the foregoing, it is the recommendation of the Planning and Development Department that the application for Rezoning 2017-0495 be **APPROVED** subject to the following conditions, which may only be changed through a rezoning:

1. **All sides of the building shall have architectural details, including faux windows, variations in wall planes, and contrasting banding and pilasters. Flat roofs with parapets shall have contrasting color caps. No plain concrete block is permitted. Architectural elevations shall be submitted at the time of Verification of Substantial Compliance of the PUD for review and approval by the Planning and Development Department.**
2. **Prior to requesting a final building inspection or occupying the facility in any manner the owner, applicant or developer shall submit to the Planning Department separate certification letters confirming that all horizontal and vertical components of the development have been substantially completed, and all conditions to the development order have been satisfied. This condition shall apply to both phased and non-phased developments.**

**Required Attachments For Formal, Complete application**

The following items must be labeled as exhibits and attached to application in the order prescribed below. All pages of the application must be on 8½" X 11" paper with provision for page numbering by the staff as prescribed in the application instructions manual. Please check each item below and the PUD Check List for inclusion of information required.

- Exhibit 1**  A very clear, accurate and legible legal description of the property that must be only and entirely placed on the JP&DD formatted forms provided with the application package. The legal description may be either lot and block or metes and bounds.
- Exhibit A**  Property Ownership Affidavit – Notarized Letter(s).
- Exhibit B**  Agent Authorization - Notarized letter(s) designating the agent.
- Exhibit C**  Binding Letter.
- Exhibit D**  Written description in accordance with the PUD Checklist and with provision for dual page numbering by the JP&DD staff.
- Exhibit E**  Scalable site plan with provision for dual page numbering by the JP&DD staff drawn at a scale large enough to clearly indicate the following: (a) North arrow and scale; (b) Property lines and dimensions of the site; (c) Building locations and building lot coverage; (d) Parking area; (e) Required Landscaped Areas; (f) All ingress and egress locations (driveways, alleys and easements) within 660 feet; (g) Adjacent streets and rights-of-way; (h) jurisdictional wetlands; and (i) existing site conditions and improvements that will be undisturbed.
- Exhibit F**  Land Use Table
- Exhibit G**  Copy of the deed to indicate proof of property ownership.

**Supplemental Information**

Supplemental Information items are submitted separately and not part of the formal application

- Exhibit H**  Aerial Photograph.

- Exhibit I**  Listed Species Survey (If the proposed site is greater than fifty acres).
- Exhibit J**  Other Information as required by the Department  
(i.e.-\*building elevations, \*signage details, traffic analysis, etc.).
- Exhibit K**  Site Location Map.

### Public Hearings And Posting Of Signs

No application will be accepted until all the requested information has been supplied and the required fee has been paid. Acceptance of a completed application does not guarantee its approval by the City Council. The applicant will be notified of public hearing dates on this application upon the filing of the application. The applicant or authorized agent **MUST BE PRESENT** at the public hearings. The required SIGN(S) must be **POSTED** on the property **BY THE APPLICANT** within 5 days after the filing of an application. The sign(s) may be removed only after final action of the Council and must be removed within 10 days of such action.

The applicant must also pay for the required public notice stating the nature of the proposed request which is required to be published in an approved newspaper **AT LEAST 14 DAYS IN ADVANCE OF THE PUBLIC HEARING**. (The Daily Record - 10 North Newnan Street, Jacksonville, FL 32202 • (904) 356-2466 • Fax (904) 353-2628) Advertising costs are payable by the applicant directly to the newspaper and the applicant must furnish **PROOF OF PUBLICATION** to the Planning and Development Department, 214 North Hogan Street, Ed Ball Building, Suite 300, Jacksonville, Florida, 32202, prior to the public hearing.

### Application Certification

I, hereby, certify that I am the owner or the authorized agent of the owner(s) of the property described herein, that all answers to the questions in this application and all information contained in the material attached to and made a part of this application, are accurate and true to the best of my knowledge and belief. I also attest that all required information for this rezoning application is completed and duly attached in the prescribed order. Furthermore, if the package is found to be lacking the above requirements, I understand that the application will be returned for correct information.

City of Jacksonville  
Planning and Development Department  
Jacksonville, Florida 32202

Re: ATLANTIC KERNAN SELF STORAGE PUD

Ladies and Gentlemen:

You are hereby advised that the undersigned, owner of the above referenced property, being more particularly described in the PUD document attached hereto and by reference made a part hereof, hereby agrees to bind its successor(s) in title to development in accordance with (a) the site plan and the written description of the proposed development plan submitted with the rezoning application and (b) any conditions set forth by the City Council of the City of Jacksonville in the rezoning ordinance. Owner also agrees to proceed with the development of the subject property in accordance with items (a) and (b) above and will complete such development in accordance with the site plan approved by that ordinance. Provisions shall be made by written agreement for continuing operation and maintenance of all common areas and facilities that are not to be provided, operated or maintained by the City of Jacksonville.

Sincerely,

By: Robert K. White

**April 26, 2017**

**I. PROJECT DESCRIPTION**

The fee simple owner of the real property identified in the attached Exhibit, RE# 165264-0050, ("The Property"), which contains approximately 2.22 acres, is currently zoned Planned Unit Development (PUD) via Ordinance 2003-131-E, and all portions of the subject property are designated RPI. The owners of the Property have identified the site as an opportunity to provide a self-storage facility near a major interchange and proximate to densely developed residential communities.

The Property is located within an intensive commercial node, which also contains one of the few grade separated interchanges along these major corridors. With a height of almost 50 feet and carrying four lanes of traffic at speeds of 45 miles per hour, the infrastructure in this immediate area is urban in nature. As would be expected at the confluence of two such roadways, the property on all four corners of the intersection promote intensive commercial uses. The subject property itself was intended as a multi-use development, allowing retail and office activities.

Adjacent and surrounding parcels are utilized for various intensive commercial activities including, Wal-Mart, a BJ's Warehouse, restaurants, hotels, and other retail venues. All totaled, the interchange area is entitled for almost two-million square feet of retail uses. The Property was originally intended as a transition between the intensive commercial activity and the large residential population extending out in each direction from the interchange.

The Subject Property does not possess significant or unique characteristics, variation of elevations or natural features. The applicant has not utilized any outside professional services in preparing this PUD request, but will engage all required engineers and contractors upon adoption by the City. The PUD does not differ significantly from the conventional zoning code for IBP. The allowable uses are reduced from the conventional district and landscape standards along the residential boundary are increased to offer more buffering than would typically be afforded. The proposed PUD is intended to respect the original PUD while permitting this additional use for self-storage. In consideration of the uses on either side of the Property, the PUD is the appropriate vehicle to buffer the residential to the south from the large Shopping Center located at the intersection of Atlantic Boulevard and Kernan Boulevard. The subject property represents an ideal infill opportunity, promoting a transitional use between intensive residential and intensive commercial developments. Additionally, the PUD permits the continuation of the original development plan for the other two parcels in the existing PUD and allows signage for this parcel on the existing sign structure as a part of that PUD. No changes will occur to the remaining two properties of the original PUD, currently developed as banks with drive thru's. The Property has always permitted commercial uses but due to the lack of frontage the parcel was never developed. Self-storage uses are ideal for creating the appropriate transition between the other uses while promoting an architectural style that looks more like a professional office.

Additionally, these uses have lesser impacts than their office counterparts. The proposed development not only acts as a land use and zoning buffer, but also a physical barrier to noise and lighting associated with the overpass. This PUD zoning will offer flexibility to the developers, while providing certainty to the community.

The Property is to be operated and used in accordance with the terms and limitations of this PUD ordinance and its supporting exhibits, as described within this written description and the City's Zoning Code. Further, all future maintenance and operations will be the sole responsibility of the land owner(s), in compliance with the Municipal Ordinance for the City of Jacksonville and this PUD. Construction would be intended to commence immediately upon approval of the zoning and engineering entitlements.

## II. USES AND RESTRICTIONS

The Property will be developed and operate as two individual parcels, Parcel A and Parcel C. These Parcel identifiers are utilized as they most closely match those of the original PUD for this property (ORD. 2003-131-E). These parcels may be combined or divided, so long as development on either area is consistent with this PUD narrative or as depicted on the attached site plan (Exhibit E) dated January 30, 2017 (the "Site Plan,") which is incorporated herein by this reference.

### A. *Permitted Uses:*

The Permitted Uses on Parcel "A" shall be as follows:

- (1) Personal Property Storage Establishments, either as multi-story buildings or as conventional single story self-storage facilities with roll up doors.
- (2) Banks, including drive-thru tellers, savings and loan institutions, and similar uses.
- (3) Professional and business offices, buildings trades contractors that do not require outside storage or the use of heavy machinery, ditching machines, tractors, bulldozers or other heavy construction equipment and similar uses.
- (4) Medical and dental or chiropractic offices and clinics.
- (5) Commercial indoor recreational or entertainment facilities such as bowling alleys, swimming pools, indoor skating rinks, movie theaters.

- (6) Art galleries, museums, community centers, dance, art, gymnastics, martial arts or music studios.
  - (7) Vocational, trade or business schools and similar uses.
  - (8) Day care centers or care centers meeting the performance standards and development criteria set forth in Part 4.
  - (9) An establishment or facility which includes the retail sale and service of beer or wine for off-premises consumption or for on-premises conjunction with a restaurant.
  - (10) Express or parcel delivery offices and similar uses (but not freight or truck terminals)
  - (11) Veterinarians and animal boarding, subject to the performance standards and development criteria set forth in Part 4.
  - (12) Retail outlets for the sale of used wearing apparel, toys, books, luggage, jewelry, cameras, sporting goods, home furnishings and appliances, furniture and similar uses.
  - (13) Churches, including a rectory or similar use.
- (b) *Permitted accessory uses and structures. See Section 656.403.*
- (c) *Permissible uses by exception. None*

### III. DEVELOPMENT STANDARDS

#### A. Dimensional Standards.

1. *Minimum parcel area and yard areas:* The minimum lot size, lot width and yard areas for structures shall be as follows:

Lot Size – 7,500 square feet

Lot Width – 75 feet

Yards -

Front: 20 feet

Side: None, except that any structure on Parcel "C" shall not be closer than 260 feet to a residentially occupied building to the south.

Rear: 10 feet

2. *Maximum parcel or sub-parcel coverage by all buildings and structures: 60%*
3. *Maximum height of structures: Shall be limited to fifty (50) feet.*

*B. Ingress, Egress and Circulation.*

1. Vehicular ingress and egress shall be substantially as shown on the Site Plan.

*C. Signs.*

1. One street frontage sign for Parcel "A" not exceeding one square foot for each linear foot of street frontage for that parcel.
2. One shared street frontage sign, not exceeding 200 square feet in area for use in common by all of the occupants of the Property, to be allocated and maintained by the owners and occupants of the Property in accordance with their recorded easement and operation agreements. (Both 1 and 2 Signage are already existing on site)
3. Wall signs are permitted in accordance with the City of Jacksonville Land Use Regulations.

*D. Site Design and Landscaping.*

1. Site Design shall promote integration of the combined parcels. Additionally, the developer shall provide a landscape buffer, 20 feet in width along the entire southern border of Parcel “C”, which shall include a wall, fence, berm(s) and/ or landscaping at least eight (8) feet in height and at least eighty-five percent (85%) opacity, and meeting the standards for such buffers in the City of Jacksonville Land Use Regulations.
2. Part 12 of the Zoning Code shall be implemented as applicable to all other landscape matters.

*E. Building Orientation*

1. *General:*

The development will be situated in a manner that permits an efficient use of the property while locating buildings and their primary entryways toward the east, west, and north, nearest the adjacent roadways. Loading and storage areas shall be located along the westerly and easterly areas of the buildings, in a manner that screens these areas from the adjacent roadways and the residential development to the south.

F. Parking

1. Parking shall conform to Part 6, Zoning Code, as it relates to all matters.

**IV. JUSTIFICATION FOR PLANNED UNIT DEVELOPMENT CLASSIFICATION FOR THIS PROJECT**

The proposed project is consistent with the general purpose and intent of the City of Jacksonville 2030 Comprehensive Plan and Land Use Regulations. The proposed rezoning is a reasonable manner by which to permit the infill of an undeveloped parcel, while promoting a transition in uses and intensity.

The proposed zoning will act as a vehicle to properly locate a low intensity use between a densely developed residential community and an intensive commercial development at this major interchange. This PUD is designed to protect the usable nature of the property while promoting numerous Goals, Objectives and Policies of the 2030 Comprehensive Plan. The

project seeks to permit supportive uses consistent with the nature of the corridors and the relationship to the built environment.

This PUD:

Is more efficient and effective than would be possible through strict application of the City of Jacksonville Land Use Regulations or a conventional zoning district which cannot be subject to generalized site plans;

Represents a valuable opportunity to promote transitional land use, buffering and design standards that act to reduce impacts associated with the infrastructure and development patterns at this intersection. The PUD offers a combination of possible uses, properly designed to promote the integration of several properties in an efficient and effective manner. This development plan represents a sustainable and desirable development pattern at an infill location;

Will promote the purposes of the 2030 Comprehensive Plan, including the following:

1. Goal 3, FLUE, Achieve a well balanced and organized combination of uses while protecting the neighborhoods and enhancing the viability of non-residential areas.
2. Objective 3.2, FLUE, Promote the viability of emerging commercial and industrial areas to achieve an integrated land use fabric, supporting the City's residential areas.
3. Policy 3.2.1, FLUE, promote development of light industrial uses in the form of nodes or centers.
4. Policy 3.2.2, FLUE, promote through the LDR's, infill of existing commercial areas
5. Policy 3.2.12, FLUE, promoting areas inappropriate for less intense development for light industrial uses, requiring these uses to be appropriately buffered from commercial development.
6. Policy 3.2.18, FLUE, City shall permit business parks in locations adjacent to residential areas, subject to the Development Areas, Category descriptions and the LDR's.

## **V. SUCCESSORS IN TITLE**

All successors in title to the Property, or any portion of the Property, shall be bound to the conditions of this PUD.

## VI. PUD REVIEW CRITERIA

- A. *Consistency with Comprehensive Plan.* The Property is designated RPI pursuant to the City's Future Land Use Map Series of the City's 2030 Comprehensive Plan. A small scale land use amendment accompanies this PUD, creating a transitional land use pattern with Parcel "C" being amended to the BP Land Use Category. This PUD zoning will promote a logical pattern of Land Use that is both appropriate, given the nature of this interchange, and promotes reinvestment of underutilized commercial property.
- B. *Consistency with the Concurrency Management System.* The development of the Property will comply with the requirements of the Concurrency Management/ Mobility System.
- C. *Allocation of Residential Land Use.* No residential use is intended for this PUD.
- D. *Internal Compatibility/Vehicular Access.* Vehicular access to the site is available from Kernan Boulevard, via an existing driveway between the two existing banks, as well as from those individual outparcels and the shopping center to the north.
- E. *External Compatibility/Intensity of Development.* The intent of the development is to permit infill at an existing intensive, commercial node. The City's 2030 Comprehensive Plan promotes IBP uses as a buffer between commercial and residential uses and it is the specific intent of this PUD to promote architectural design, office building appearance, while creating a logical transition.
- F. The development will be appropriately screened from adjacent properties and structures and will be oriented in a manner that will reduce impacts to the surrounding uses.
- G. *Recreation/Open Space.* The PUD will not include recreational uses.
- H. *Impact on Wetlands.* Any development activity which would impact wetlands will be permitted in accordance with local, state and federal requirements.
- I. *Listed Species Regulations.* Not Applicable.

- J. *Off-Street Parking & Loading Requirements.* The development will be constructed in accordance with Part 6, Zoning Code.
- K. *Sidewalks, Trails, and Bikeways.* The development will be consistent with the 2030 Comprehensive Plan.
- L. *Stormwater Retention.* Stormwater shall be conveyed, treated and stored in accordance with all City of Jacksonville and St. Johns River Water Management District requirements.
- M. *Utilities.* Electric power, water and sewer services are furnished to the Property by the Jacksonville Electric Authority.

CITY NATIONAL BANK OF FLORIDA, a United States banking corporation formerly known as City National Bank of Miami, as Trustee under the provisions of a certain Liquidating Land Trust Agreement dated the 2nd day of August, 1973, known as Trust No. 5196-5, that the said persons so appearing before me are the individuals and the officers aforementioned of said corporation, and who executed the foregoing deed; and that then and there, said individuals as aforesaid officers acknowledged before me that the seal affixed to said deed is the corporate seal of said corporation; that their names officially are by them respectively subscribed thereto; that said deed was signed, sealed and delivered by said corporation in the presence of two subscribing witnesses, pursuant to law, and that the same is the free act and deed of said corporation.

STATE OF FLORIDA

COUNTY OF DADE

I, the undersigned, an officer duly authorized to take and certify acknowledgment of deeds in said State and County, hereby certify that before me came William E. Shockett, as EXECUTIVE V.P. and TRUST OFFICER, as \_\_\_\_\_ of CITY NATIONAL BANK OF FLORIDA, a United States banking corporation formerly known as City National Bank of Miami, and duly authorized to accept and execute trust within the State of Florida, as Trustee under the provision of a certain Liquidating Land Trust Agreement dated the 2nd day of August, 1973, known as Trust No. 5196-5, that the said persons so appearing before me are the individuals and the officers aforementioned of said corporation, and who executed the foregoing deed; and that then and there, said individuals as aforesaid officers acknowledged before me that the seal affixed to said deed is the corporate seal of said corporation; that their names officially are by them respectively subscribed thereto; that said deed was signed, sealed and delivered by said corporation in the presence of two subscribing witnesses, pursuant to law, and that the same is the free act and deed of said corporation.

The above persons are personally known to me.

WITNESS my hand and seal at Miami, Dade County, Florida this 10 day of December, 2001.
