

Exhibit “D”

Kernan West PUD

January 9, 2018

I. SUMMARY DESCRIPTION OF THE PROPERTY

- A. RE #: 167729-0200
- B. Current Land Use Designation: CGC
- C. Current Zoning District: CO
- D. Proposed Zoning District: PUD

II. SUMMARY AND PURPOSE OF THE PUD/COMPREHENSIVE PLAN CONSISTENCY

Christopher Forrest Skinner Trust, et al. (the “Applicant”) proposes to rezone approximately 22.17 acres of property located at the northwest quadrant of J. Turner Butler Boulevard and Kernan Boulevard from Commercial Office (“CO”) to Planned Unit Development (“PUD”). The property is more particularly described by the legal description attached hereto as **Exhibit “1”** (the “Property”). As described below, the PUD zoning district is being sought to provide for a pedestrian-friendly mixed-use development, which may include a mix of residential, institutional, office, retail, and commercial uses. The PUD allows for a diversity of uses, building types, and recreational spaces to be developed in a manner that is internally consistent, compatible with external uses, and provides for innovative site planning concepts that will create an aesthetically pleasing environment. The PUD shall be developed in accordance with this PUD Written Description and the PUD Conceptual Site Plan which is attached as **Exhibit “E”** to this application.

The Property is designated as Community General Commercial (“CGC”) on the Future Land Use Map (FLUM) of the 2030 Comprehensive Plan and is within the Suburban Development Area. The PUD shall be developed consistent with the applicable CGC – Suburban Area land use category of the 2030 Comprehensive Plan.

III. SITE SPECIFICS

Surrounding land use designations, zoning districts, and existing uses are as follows:

	<u>Land Use Category</u>	<u>Zoning</u>	<u>Use</u>
South	CGC, MU	CO, PUD	Retention, JTB
East	CGC, RPI	CO, PUD	Vacant, Multi-family
North	CGC, BP	IBP	Business Park, Office
West	PBF	PBF-1	UNF Golf Complex

IV. PERMITTED USES

A. Maximum Densities/Intensities

Consistent with the provisions of the Future Land Use Element of the 2030 Comprehensive Plan governing CGC Suburban Area uses, residential uses, as described in Section IV.C below, shall not exceed eighty (80%) percent of the development and shall not exceed a maximum residential density of twenty (20) units per gross acre.

B. PUD Conceptual Site Plan and Parcels

The PUD Conceptual Site Plan dated October 2017 is attached hereto as **Exhibit “E”**. The parcel designations are solely for the purpose of defining the general location of permitted uses within the PUD; they do not define or correlate to ownership and do not subdivide the Property. Parcel size, configuration, and boundaries as shown on the PUD Conceptual Site Plan may be modified as an administrative modification to the PUD, subject to the review and approval of the Planning and Development Department.

The following uses, as described in Sections IV.C, D, E and F below, shall be permitted uses in the parcels as follows:

In “Parcel 3” as shown on the PUD Conceptual Site Plan, Residential, Institutional, and Office uses and related amenities, as described in Sections IV.C, D and F below, shall be permitted. The Residential, Institutional, and Office uses may include uses which are integrated horizontally, and vertically, and also may include associated shared parking.

In “Parcel 1” and “Parcel 2” (collectively, the “Retail/Office Parcels”) as shown on the PUD Conceptual Site Plan, Office, Retail/Commercial and Institutional uses, as described in Sections IV. D, E and F below, shall be permitted. The Retail/Commercial, Office and Institutional uses may include uses which are integrated horizontally, and vertically, and also may include associated shared parking.

- cc. Wholesaling or distributorship businesses located within a retail shopping center (but not on an out-parcel or within a stand-alone structure), provided such use is limited to 30 percent of the total gross square footage of the retail shopping center of which the wholesaling use or activity is a part, and further provided there is no warehousing or storage of products not directly associated with the wholesaling or distributorship businesses located on the premises.
- dd. Assembly of components and light manufacturing when in conjunction with a retail sales or service establishment, conducted without outside storage or display.
- ee. Cosmetology and similar uses including facilities for production of eyeglasses, hearing aids, dentures, prosthetic appliances and similar products.

ff. Art galleries, dance, art, pottery, crafts, gymnastics, fitness/exercise centers, martial arts and music studios, and theaters for stage performances, and similar uses.

gg. Museums, art galleries, music studios, and theaters for stage performances may include bottle clubs or the retail sale and service of all alcohol for on-premises consumption in conjunction with performances, shows, meetings, and similar activities.

hh. Uses which are adjacent to a lake may use small pram boats, paddle boats, kayaks, canoes, and similar small, recreational boats on the lake. Gasoline, diesel and other powered motors are prohibited, except for boats used to maintain the lake.

ii. Any uses permitted herein may be integrated vertically within a structure, specifically including but not limited to the vertical integration of residential and retail uses.

2. *Permissible uses by exception.*

a. Tire stores, including minor repair services such as installation, balance, rotation, etc., subject to the performance standards in Section IV.I.12 below and subject to the following design criteria:

(i) Sale, service, and display shall be conducted within an enclosed building, with service bays, and no more than thirty percent (30%) of the floor space shall be devoted to storage.

(ii) Service bays shall be oriented perpendicular to public streets and to any residential uses within the PUD.

(iii) Service bays shall be recessed or screened to minimize visibility from public streets.

(iv) Storefronts shall be oriented toward public streets.

b. Establishments for the service and repair of general appliances and small engines, where all activities are conducted within enclosed building space, subject to the performance standards in Section IV.I.13 below.

3. *Minimum lot width, Maximum density, Maximum lot coverage by all buildings, Minimum yard requirements, and Maximum height of structures for each Retail/Commercial use.* For the purpose of these requirements, “lot” refers to the either Parcel 1 or Parcel 2 as shown on the Site Plan and “yard” refers to distance from the boundary of the applicable lot.

a. *Minimum lot width*—None.

b. *Maximum lot coverage by all buildings*— None.

c. *Minimum yard requirements.* The minimum yard requirements for all structures are:

- (a) Front— Zero (0) feet.
- (b) Side— Zero (0) feet.
- (c) Rear— Zero (0) feet.

d. *Maximum height of structures*— Sixty (60) feet, provided, however, height may be unlimited where all required yards are increased by one (1) foot for each three (3) feet of building height or fraction thereof in excess of sixty (60) feet.

F. Office

1. *Permitted uses and structures:*

- a. Professional and business offices.
- b. Medical uses, including:
 - (i) Medical, dental and chiropractic offices or clinics
 - (ii) Rehabilitation hospitals, including inpatient, outpatient, and skilled nursing programs and services.

- d. Mortgage brokers, stockbrokers, and similar financial institutions.
- e. Public buildings and facilities.
- f. Uses which are adjacent to a lake may use small pram boats, paddle boats, kayaks, canoes, and similar small, recreational boats on the lake. Gasoline, diesel and other powered motors are prohibited, except for boats used to maintain the lake.
- g. Any uses permitted herein may be integrated vertically within a structure, specifically including but not limited to the vertical integration of residential and retail/commercial uses.
- h. Radio and television broadcasting studios and offices.
- i. Essential services, including roads, water, sewer, gas, telephone, stormwater management facilities, radio, television and electric, meeting the performance standards and development criteria set forth in Section IV.I.3 below.

2. *Minimum lot width, Maximum density, Maximum lot coverage by all buildings, Minimum yard requirements, and Maximum height of structures for each Office use.* For the purpose of these requirements, “lot” refers to the either Parcel 1, Parcel 2, or Parcel 3 as shown on the Site Plan and “yard” refers to distance from the boundary of the applicable lot.

- a. *Minimum lot width*—None.
- b. *Maximum lot coverage by all buildings*— In Parcels 1 and 2, none; in Parcel 3, fifty percent (50%).
- c. *Minimum yard requirements.* The minimum yard requirements for all structures are:
 - (a) Front— Zero (0) feet.
 - (b) Side— Zero (0) feet.
 - (c) Rear— Zero (0) feet.
- d. *Maximum height of structures.*
 - (a) Parcels 1 and 2—Sixty (60) feet, provided, however, height may be unlimited where all required yards are increased by one (1) foot for each three (3) feet of building height or fraction thereof in excess of sixty (60) feet.
 - (b) Parcel 3—Sixty (60) feet.

G. Alcohol Distance Limitations.

For permitted uses within the PUD, any and all distance limitations and prohibitions found in Part 8, Zoning Code, are waived and do not apply with regard to the distance between any and all location(s) selling and/or serving all alcohol and the location of any University of North Florida property line, facility or building and/or from applicable uses within this PUD.

H. Accessory Uses and Structures

Accessory uses and structures are permitted if those uses and structures are of the nature customarily incidental and clearly subordinate to a permitted principal use or structure and these uses and structures are located on the same lot (or contiguous lot in the same ownership) as the principal use. Whether attached or detached to a building or structure containing the principal use, the accessory structure shall be considered as a part of the principal structure. Accessory uses shall be subject to the following:

1. An establishment for the retail sales of convenience goods, laundromats, vending machine facilities, personal and professional service establishments, day care centers and similar uses are permitted; provided, however, that these establishments shall be designed and scaled to meet only the requirements of the occupants of the PUD and their guests with no signs or other external evidence of the existence of these establishments visible from off-site.
2. Accessory uses and structures are allowed as permitted in Section 656.403 of the Zoning Code; provided, however, that the yard and setback restrictions of Section

656.403(a) do not apply to such uses and structures. In addition, accessory uses and structures may be located within any required uncomplimentary buffer.

I. Additional Performance Standards

Additional performance standards for those uses identified shall be as follows:

1. Child or day care centers shall provide a fenced outdoor play area which meets the minimum requirements set forth by the state licensing agency and which shall be located in the rear or side yards of the subject property.

2. Communication towers shall be permitted subject to the requirements relating to the location of such towers pursuant to Part 15 of the City of Jacksonville Zoning Code. Additionally, the maximum height of communication towers is as provided for in Part 15.

3. Essential services including central water systems, sewerage systems, utility lines, and easements shall be provided in accordance with the appropriate sections of the City of Jacksonville Ordinance Code.

4. Home occupations shall be permitted subject to Section 656.401(n)(1), (2), and (4), Zoning Code.

5. Off-street parking lots shall be permitted subject to the following conditions:

a. There shall be no storage, sales or service activity of any kind on these lots.

b. Vehicles parked on the lot shall be limited to automobiles for employee and customer parking.

6. The outside sale and service of alcoholic beverages in conjunction with a restaurant shall be limited to an area which is contiguous to an existing licensed facility or establishment and which shall be no greater than the inside area for sale and service.

7. Outside retail sale of holiday items, including fireworks, shall be permitted subject to the following conditions:

a. The holiday items sold shall be limited to those items which are related to the holiday immediately upcoming at the end of the applicable 30-day period. For example, prior to New Year's Day and the Fourth of July - legal fireworks; prior to Christmas - Christmas trees and ornaments; prior to Halloween - costumes and decorations related to Halloween. Whether an item is related to the upcoming holiday shall be determined by the Director of the Planning and Development Department or the Director's designee.

b. There shall be adequate parking sufficient to accommodate the additional temporary retail sales without reducing the number of available parking spaces required

by the Zoning Code in connection with the other principal use(s), unless, in the opinion of the Planning and Development Department, adequate parking is otherwise available.

c. There shall be adequate access to the site from the right-of-way, such that the temporary outside retail sales will not result in undue traffic congestion. The site plan for the site shall be submitted to the City Traffic Engineer for review and approval to ensure that access to the site from the right-of-way will not result in undue traffic congestion, prior to the issuance of the permit by the Chief of the Building Inspection Division.

d. Outside retail sales of holiday items shall occur only by permit issued by the Chief of the Building Inspection Division.

8. Private clubs, conference centers, and meeting facilities shall be permitted subject to the condition that any food and beverage, including alcoholic beverages, shall be limited to service incidental to the primary activity of the facility.

9. Schools shall be permitted subject to the condition that lighting associated with the school, as well as the recreation areas and playing fields, shall be so designed and installed so as to prevent glare or excessive light on any adjacent residential property, subject to the review and approval of the Planning and Development Department.

10. Veterinarians, animal hospitals and associated animal boarding kennels shall be permitted subject to the following conditions:

a. Buildings which are used for animal boarding shall be completely soundproofed.

b. Animals shall be kept in the enclosed soundproofed buildings during the hours of 8:00 p.m. to 8:00 a.m.

11. Personal Property Storage will be allowed on minimum lot size of not less than 1.5 acres and the minimum parking spaces required are .24 per 1000 square feet. Otherwise, use is subject to the remaining conditions of 656.401(q).

12. Service garages for minor automotive repairs shall be subject to the buffer requirements set forth in Section 656.1216 of the Zoning Code where the use is located immediately adjacent to a Residential or Institutional use on Parcel 3.

13. Establishments for the service and repair of general appliances and small engines shall be subject to the buffer requirements set forth in Section 656.1216 of the Zoning Code where the use is located immediately adjacent to Residential or Institutional use on Parcel 3.

J. Height Limitations

Decorative rooftop structures including: screening, mechanical equipment, roof access, mansard roofs, spires, cupolas, parapets, antennas, chimneys and other appurtenances not intended for human occupancy are not included in the maximum height.

V. OVERALL DEVELOPMENT STANDARDS AND CRITERIA

A. Access

Access will be provided as shown on the PUD Conceptual Site Plan via Kernan Boulevard and an internal access road (City-dedicated). Access also may be provided via Betty Holzendorf Drive, with any required consents from the owner(s) of that road. The locations and design of the access points, turn/deceleration lanes, and internal driveways as shown on the PUD Conceptual Site Plan may vary prior to development; provided, however, that the final design of the access point(s), potential connections, and internal drives shall be subject to the review and approval of Development Services and the Planning and Development Department.

B. Recreation/Open Space

Active recreation will be provided with the amenity/recreation areas pursuant to Policy 2.2.5 of the Recreation and Open Space Element of the 2030 Comprehensive Plan.

C. Landscaping/Landscaped Buffers

Landscaping and tree protection shall be provided in accordance with the City of Jacksonville Zoning Code, with the following additional and superseding provisions specifically noted to address the integrated mixed use design qualities of the PUD. Landscaping standards shall be applied taking into consideration all proposed uses and the entire PUD site. For individual uses, which may own their sites in fee simple, required landscaping may be provided “off-site” within the PUD and may be shared with other uses, as long as the PUD in its entirety provides sufficient landscaping for all proposed uses. Landscape standards shall be applied within the PUD without regard to property ownership boundaries which may exist among individual uses.

1. Buffers

The City’s Zoning Code requires buffers for “uncomplimentary land uses and zones” in Section 656.1216. Except as specifically required in Sections IV.I.12 (minor automotive repair) and IV.I.13 (general appliance and small engine repair) above, due to the integrated mixed use nature of this PUD, all internal uses within the PUD are considered compatible with each other and no buffers between such internal uses are required, including, but not limited to Residential uses.

2. Perimeter Vehicle Use Area Buffer

A ten (10) foot buffer shall be provided between public rights-of-way and vehicle use areas. Parking along the perimeter vehicle use area buffer may be reduced in depth from eighteen (18) feet to sixteen (16) feet provided that the additional two (2) feet of parking depth is added to the width of the landscape buffer.

D. Signage

The purpose of these sign standards is to establish a coordinated signage program that provides for the identification of the project, uses, users, and tenants and for directional communication in a distinctive and aesthetically pleasing manner. A coordinated system of identification, directional, and vehicular control signage will be provided for all common areas and road right-of-way. The PUD identity, multiple uses, owners, and/or tenants may be identified on signs within the PUD without regard to property ownership boundaries that may exist among the individual uses, owners, and/or tenants and without regard to lot location or frontage. All project identity and directional signs shall be architecturally compatible with the project or buildings represented. Signs may be internally or externally illuminated. In addition to the uses, owners, and or tenants, the signs may include the overall PUD identity.

1. Project Identity Monument Sign on Kernan Boulevard.

A maximum of one (1) project identity monument signs will be permitted along Kernan Boulevard for the PUD project and/or uses, owners, and tenants within the PUD. This sign may be two sided, externally or internally illuminated, and may be located within the median of the internal access road. Multiple uses/owners/tenants within one building or a series of buildings may be identified with one shared monument sign.

This monument sign will not exceed fifteen (15) feet in height and fifty (50) square feet (each side) in area.

2. Retail/Office Parcels: Identity Monument Signs.

Identity monument signs are permitted for Parcel 1 and Parcel 2. Parcel 1 and Parcel 2 will each be permitted one (1) externally or internally illuminated identity monument sign with one or two sides. Multiple users/tenants within one building or a series of buildings may be identified with one shared monument sign.

These monument signs will not exceed ten (10) feet in height and fifty (50) square feet (each side) in area.

3. Directional Signage on Betty Holzendorf Drive.

A maximum of two (2) directional signs will be permitted along Betty Holzendorf Drive for the PUD project and/or uses, owners, and tenants within the PUD. These signs may be two sided and externally or internally illuminated. Multiple uses/owners/tenants within one building or a series of buildings may be identified with one shared sign.

These directional signs will not exceed four (4) feet in height and twelve (12) square feet (each side) in area.

4. Other Signs.

Wall signs and awning signs are permitted. Wall and awning signage visible from public rights of way will be permitted for each residential use, non-residential use, and for each non-

residential tenant within a multi-tenant building. Cumulatively, both wall and awning signage will not exceed ten (10) percent of the square footage of the occupancy frontage or respective side of the building visible from public rights of way. Wall signage for residential uses shall be limited to one wall sign for each building face oriented toward a public street. Wall and awning signage facing the pedestrian and vehicular drives within the interior of the PUD are deemed to be interior signs and the size is unlimited.

Projecting signs are permitted and will not exceed ten (10) percent of the square footage of the occupancy frontage or respective side of the building visible from a public right-of-way to which side the projecting sign is attached. The ten (10) percent shall be measured cumulatively with any wall and awning signs on the same side of the building.

Under canopy signs are permitted. One (1) under the canopy sign per occupancy is permitted not exceeding a maximum of ten (10) square feet in area per side.

Internal directional signs indicating major buildings, major tenants, common areas, and various building entries will be permitted. The design of these signs should reflect the character of the building and project identity signs and may include the project and/or tenant logo and name. For predominately vehicle directional signage, such signs shall be a maximum of eight (8) square feet in area per sign face. For pedestrian directional signage, such as “informational side walk kiosks”, 1, 2, 3 or 4 sided (or cylindrical), such signs shall be a maximum of eight (8) square feet per side. All Vehicular Control Signs shall meet the requirements of the Manual on Uniform Traffic Control Devices with decorative post(s) and finials.

Changing message devices are permitted for non-residential uses subject to the provisions of Section 656.1302, Zoning Code, as it may be amended.

Because all project identity and directional signs are architectural features intended to be compatible with and complimentary of the buildings in the PUD, they will be located in structures or frames that are part of the architecture of the project. Accordingly, sign area for all such signs as well as wall, awning, and under the canopy signs, shall be computed on the basis of the smallest regular geometric shape encompassing the outermost individual letters, words, or numbers on the sign.

Temporary banner signs will be permitted not to exceed twenty-five (25) square feet in area. Banner signs will be permitted in the entrances and interior of the PUD. Seasonal festive banners may be displayed for a maximum of fourteen (14) days without a permit except that such banners may be displayed forty-five (45) days prior to and thirty (30) days following the holiday. Other banners (including but not limited to “Now Opening” or “Hiring Soon” banners) may be displayed for a maximum of thirty (30) days. The banners shall be allowed to display logos and/or the name of the project and/or owner. Festival banners placed on street light poles are permitted and unregulated. Banner signs do not count toward the overall maximum sign face allowable for monument signs.

5. General Provisions Governing All Monument Signage

a. All monument signs on the same lot must be a minimum of one-hundred (100) feet apart; provided, however, that this minimum distance shall not apply to the distance between a sign for residential use and a sign for non-residential use.

b. As a part of verification of substantial compliance with this PUD, prior to commencement of each use which proposes a monument sign, the applicant for that use shall submit a plan showing the location, height, size and design of the proposed monument sign to the Planning and Development Department for its review and approval for consistency with this PUD.

E. Architectural Guidelines.

Buildings, structures, and signage shall be architecturally compatible with those in other uses within the PUD.

F. Construction offices/model units/real estate rental or sales.

On-site, temporary construction offices/trailers/model units/rental or sales offices will be permitted in any lot, “unit,” or “phase” until that lot, “unit,” or “phase” is built out. Real estate rental or sales activities are permitted within model units. Associated parking for rental or sales activities is permitted adjacent to model units.

G. Modifications

Amendment to this approved PUD district may be accomplished through an administrative modification, minor modification, or by filing an application for rezoning as authorized by Section 656.341 of the Zoning Code.

H. Parking and Loading Requirements

Parking will be provided in accordance with Part 6 of the City’s Zoning Code, as it may be amended, with the following additional and superseding provisions:

1. Parking shall be provided in accordance with the following standards (based upon parking generation studies conducted by the Urban Land Institute--ULI):

Retail and Restaurants:	4.0 spaces per 1,000 s.f. GLA
Office:	3.0 spaces per 1,000 s.f. GLA
2. For all uses, parking standards shall be applied taking into consideration the entire use or development at issue.
3. For individual lots within the Retail/Office Parcels, which may own their sites in fee simple, required off-street parking may be provided “off-site” within the Retail/Office Parcels and may be shared with other uses, so long as all of the uses within the Retail/Office Parcels, in their entirety, provide sufficient off-street parking for all proposed uses therein.
4. For dormitories and suite-style student housing, parking shall be provided at a minimum ratio of one (1) space for each two (2) beds and shall be provided in either garages, driveways, or common parking.
5. Within any other multifamily uses, parking shall be provided at a minimum ratio of 1.35 spaces per residential unit and shall be provided in either garages, driveways, or common parking.

6. A minimum of two (2) loading spaces per Multifamily development shall be provided.
7. For senior housing uses listed in IV.D.1.b, parking shall be provided at a minimum ratio of one (1) space for every four (4) beds plus one (1) space for each employee or resident manager and shall be provided in either garages, driveways, or common parking.
8. Valet parking is permitted to satisfy parking requirements when provided within 1,000 feet of the business(es) being served.
9. There shall be no limit or maximum number of parking spaces for any use within the PUD.
10. Bicycle parking for Multifamily uses shall be provided at a minimum ratio of 2% of required parking. Bicycle parking for senior housing uses in Section IV.D.1.b. shall be provided at a ratio of one (1) space per five (5) rooms.
11. A modification from the requirements of Part 6 of the Zoning Code (Off-street Parking and Loading Regulations) may be permitted within the PUD as an administrative modification to the PUD subject to the review of the Planning and Development Department. Grounds for such modifications include the sharing of parking among uses with parking demands at different times.
12. For residential uses, required parking may be provided in garages, driveways, carports, or common parking. Tandem parking also is permitted.
13. Shared parking is permitted to satisfy parking required for multiple uses subject to the review and approval of the Planning and Development Department.
14. In the verification of substantial compliance process pursuant to Section 656.341(g), Zoning Code, a study of proposed parking for a mix of identified uses may be submitted to the Planning and Development Department, subject to its review and approval, demonstrating that the total parking requirements for such uses may be reduced as part of the verification process to not less than eighty (80) percent of the sum of the amount required for each separate identified use.

I. Lighting

Lighting shall be designed and installed so as to prevent glare or excessive light on adjacent property.

J. Stormwater Retention

Stormwater facilities will be constructed to serve the PUD in accordance with applicable regulations.

K. Utilities

The Property is served by JEA.

VI. PRE-APPLICATION CONFERENCE

A pre-application conference was held regarding this application on August 14, 2017.

VII. JUSTIFICATION FOR THE PUD REZONING

The PUD proposes the concept of a carefully planned mixed-use development scaled for and complimentary to the pedestrian. Many best development and planning practices have been incorporated into the PUD including:

- A mix of land uses;
- Internal and external vehicular connectivity;
- Pedestrian-friendly environment;
- Creation of employment opportunities; and
- The inclusion of performance standards for the project that will establish the unique quality, identity and character of the PUD.

Additionally, considering the urban nature of this site, the mixed use nature of the proposed development, the configuration and orientation of the proposed development, the maximum heights provided herein, and other factors, the proposed residential densities within the PUD, are appropriate and compatible with abutting and nearby development.

VIII. PUD/DIFFERENCE FROM USUAL APPLICATION OF ZONING CODE

The PUD differs from the usual application of the Zoning Code in the following respects: it binds the Applicant and successors to the PUD Written Description and PUD Conceptual Site Plan; it includes limitations on uses to ensure compliance with the CGC land use category; it provides for maximum densities/intensities; it limits certain uses to certain parcels; for each use, it sets forth minimum lot width, maximum lot coverage, minimum yard requirements, and maximum height of structures, which are unique to the urban design and character of this PUD and therefore vary from the otherwise applicable Zoning Code provisions; it waives the distance limitations contained in Part 8, Zoning Code, for certain uses; it consolidates under Retail/Commercial and Office uses office, medical, retail, and other commercial uses, which are otherwise set forth in multiple, different zoning districts; it includes variations to the accessory use and performance standards provisions which are consistent with the urban, mixed use design of this PUD; it includes variations from the landscaping provisions consistent with the urban design of this PUD; it provides for use-specific signage tailored to the frontage on Kernan Boulevard, and Betty Holzendorf Drive; and it includes variations from the parking standards otherwise applicable to accommodate the urban design of this PUD, shared parking, and other features of a planned multi-use development.

IX. PERMISSIBLE USES BY EXCEPTION

Service garages for minor repair of automobiles and establishments for the service and repair of general appliances and small engines are permitted by exception as described in IV.E.2 above.

X. NAMES OF DEVELOPMENT TEAM

Developer/Owner: Skinner Christopher Forrest Trust, et al.

Planner/Engineer: ETM, Inc.

XI. LAND USE TABLE

A Land Use Table is attached hereto as **Exhibit “F.”** Acreages in Exhibit F are approximate.

XII. PUD REVIEW CRITERIA

A. Consistency with the Comprehensive Plan: As described above, the uses proposed herein are consistent with the CGC Suburban Area land use category. The proposed residential use shall not exceed eighty (80%) percent of the development and shall not exceed a maximum residential density of twenty (20) units per gross acre.

B. Consistency with the Concurrency Management System: The PUD will comply with the Concurrency and Mobility Management System regulations.

C. Allocation of Residential Land Use: The PUD is consistent with land use allocations under the 2030 Comprehensive Plan.

D. Internal Compatibility: The PUD provides for integrated design and compatible uses within the PUD.

E. External Compatibility/Intensity of Development: The PUD proposes uses and provides design mechanisms which are compatible with surrounding uses.

F. Maintenance of Common Areas and Infrastructure: All common areas and infrastructure will be maintained by the owner, maintenance company and/or one or more owners' association(s).

G. Usable Open spaces, Plazas, Recreation Areas: The PUD provides ample open spaces and recreational opportunities and will provide active recreation for all residential uses consistent with the Zoning Code

H. Impact on Wetlands: Any development impacting wetlands will be permitted pursuant to local, state, and federal permitting requirements.

I. **Listed Species Regulations:** The Property is less than fifty (50) acres in size, so a listed species survey is not required.

J. **Parking Including Loading and Unloading Areas:** The PUD provides ample off street parking.

K. **Sidewalks, Trails, and Bikeways:** The PUD will provide for pedestrian and bicycle connectivity and recreational trails consistent with the City of Jacksonville Ordinance Code and the 2030 Comprehensive Plan.
