This legislation appropriates funding received from the U. S. Department of Housing and Urban Development (HUD) for the Housing Opportunities for Persons with AIDS (HOPWA) program administered by the Housing and Community Development Division. The HOPWA program was established to provide housing assistance and related supportive services for low-income persons living with HIV/AIDS and their families. HOPWA funds may be used for a wide range of housing, social services, program planning, and development costs. These include, but are not limited to, the acquisition; rehabilitation; or new construction of housing units; costs for facility operations; rental assistance; and short-term payments to prevent homelessness. An essential component in providing housing assistance for this targeted special needs population is the coordination and delivery of support services. Consequently, HOPWA funds also may be used for services including (but not limited to) assessment and case management, substance abuse treatment, mental health treatment, nutritional services, job training and placement assistance, and assistance with daily living.

The U. S. HOPWA funds may be used for a wide range of housing, social services, program planning, and development costs. These include, but are not limited to, the acquisition; rehabilitation; or new construction of housing units; costs for facility operations; rental assistance; and short-term payments to prevent homelessness. An essential component in providing housing assistance for this targeted special needs population is the coordination and delivery of support services.
