RE: Planning Commission Advisory Report
Ordinance No.: 2018-447 **Application for: Annie's Walk II PUD**

Dear Honorable Council President Bowman, Honorable Council Member and LUZ Chairperson Schellenberg and Honorable Members of the City Council:

Pursuant to the provisions of Section 30.204 and Section 656.129, *Ordinance Code*, the Planning Commission ("PC") respectfully offers this report for consideration by the Land Use and Zoning Committee ("LUZ").

• Recommendation by JPDD: Approve Approve with Conditions Deny

• Recommendation by PC to LUZ: Approve Approve with Conditions Deny

• This rezoning is subject to the following exhibits:

1. The original legal description dated May 24, 2018.
2. The original written description dated June 19, 2018.
3. The original site plan dated May 9, 2018.

• Recommended Planning Commission Conditions* to the Ordinance:

1. Provide a traffic study to determine the need for a left and right turn into the development on Gillespie Avenue. Turn lanes shall be part of the development and meet FDOT standards if required.
2. Prior to the first final inspection within any phase of development, the owner or their agent shall submit to the Planning and Development Department for its review and approval either (a) an affidavit documenting that all conditions to the development order have been satisfied, or (b) a detailed agreement for the completion of all conditions to the development order.

*Additions made by PC to the proposed Jacksonville Planning and Development Department ("JPDD") conditions are underlined and deletions are indicated with a ~~strikethrough~~.

• Recommended PC Conditions that can be incorporated into the Written Description: None

● PC Vote: 7-1

● PC Commentary: There were two speakers in opposition. Their concerns were development is outpacing road and school capacity and Gillespie Road is in poor condition. There were no signs posted and they are asking for a 2 cycle deferral until they can meet with the neighborhood.

The agent indicated that the staff report does contain a photo of a sign and when he was advised there were no signs a new sign was posted on August 23.

The Commissioners thought there are additional public hearings to defer the item if needed. The Commissioners agreed that school overcrowding is an issue, but that is not the responsibility of the developer, but the City and DCSB.
