The proposed transfer of funds will allow the JFRD to purchase 20 MDT's and 50 Portable Radios to support the crews responding to 9-1-1 calls for service. JFRD has 5 rescues, 2 engines, 4 ASAP rescue units and 15 Tankers in need of Mobile Dispatch Terminals (MDT's) in the units. These units are used to dispatch 9-1-1 calls to the crews responding to incidents. The appropriation includes docking stations for the devices in the units. 50 Portable Radios are also needed for the same units mentioned above and placed in service over the last several years without the purchase of portable radio support. The JFRD has been using portable radios out of reserves to support these units, but now is at or below critical reserve capacity to support emergency services to the community.

PLAIN LANGUAGE OF APPROPRIATION / FINANCIAL IMPACT / OTHER:

Explain: Where are the funds coming from, going to, how will the funds be used? Does the funding require a match? Is the funding for a specific time frame? Will there be an ongoing maintenance? ... and staffing obligation? Per Chapters 122 & 106 regarding funding of anticipated post-construction operation costs.

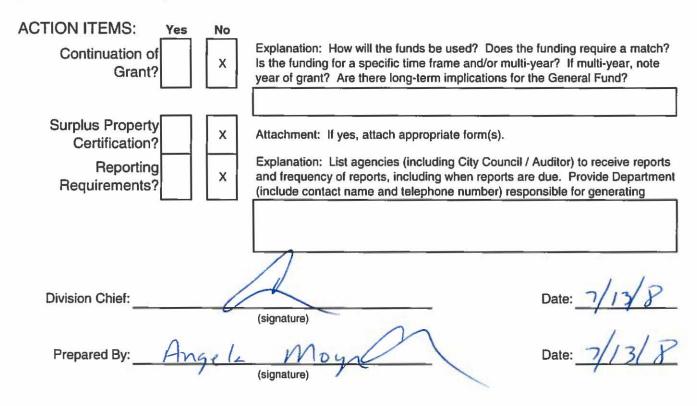

(Minimum of 350 words - Maximum of 1 page.)

Transfer available debt management fund principal budget capacity within the Radio Communications subfund 534 to purchase portable radios and MDT's for JFRD. A delay in the IT fire station paging project has freed up FY18 debt service budget which was included in the FY18 per unit billing cost to JFRD. Council approval is required because the budget sits in an internal service subobject within the budget.
