**Staff Report on**  
**Proposed 2019B Series Text Amendment**  
**to the Capital Improvements Element, Conservation and**  
**Coastal Management Element, Future Land Use Element,**  
**Infrastructure Element, and Intergovernmental**  
**Coordination Element of the 2030 Comprehensive Plan**

**ORDINANCE 2019-036**

Ordinance 2019-036 adopts a text amendment to amend various goals, objectives, and policies of the Capital Improvements Element (CIE), Conservation and Coastal Management Element (CCME), Future Land Use Element (FLUE), Infrastructure Element (IE), and Intergovernmental Coordination Element (ICE) of the Comprehensive Plan.

The text amendment is in response to the state requirement to adopt a state-mandated 10-year water supply facilities work plan into the Comprehensive Plan following the approval of an updated regional water supply plan.

Section 163.3177(6)(c)(3), Florida Statutes

*Within 18 months after the governing board approves an updated regional water supply plan, the element must incorporate the alternative water supply project or projects selected by the local government from those identified in the regional water supply plan pursuant to s. 373.709(2)(a) or proposed by the local government under s. 373.709(8)(b). If a local government is located within two water management districts, the local government shall adopt its comprehensive plan amendment within 18 months after the later updated regional water supply plan. The element must identify such alternative water supply projects and traditional water supply projects and conservation and reuse necessary to meet the water needs identified in s. 373.709(2)(a) within the local government's jurisdiction and include a work plan, covering at least a 10-year planning period, for building public, private, and regional water supply facilities, including development of alternative water supplies, which are identified in the element as necessary to serve existing and new development. The work plan shall be updated, at a minimum, every 5 years within 18 months after the governing board of a water management district approves an updated regional water supply plan. Local governments, public and private utilities, regional water supply authorities, special districts, and water management districts are encouraged to cooperatively plan for the*
