

Staff Report on the 2018 Assessment Report for the 2030 Comprehensive Plan

RESOLUTION 2019-255

Resolution 2019-255 adopts the 2018 Assessment Report for the *2030 Comprehensive Plan* and states the City's intent to implement the recommendations contained in the assessment. The 2018 Assessment Report includes the final recommendations of the *2030 Comprehensive Plan* Local Major Issues Committee.

The *Comprehensive Plan* is a high-level policy document required by both local and state regulations that establishes the City's long-term growth and development goals and identifies the types of programs and regulations that must be implemented in order to achieve the stated goals. The original *Comprehensive Plan* was adopted in 1990 and has since been amended by various ordinances resulting in the current *2030 Comprehensive Plan*.

The 2018 Assessment Report of the *2030 Comprehensive Plan* provides:

- Updated population projections based on a 2045 planning timeframe.
- A review of plan implementation since the last assessment was completed in 2007.
- Major growth and development issues for the City and recommendations to address the issues as defined by the Local Major Issues Committee.
- An assessment of whether the plan objectives within each element have been achieved and recommendations to address any issues as defined by subject matter experts from the various City of Jacksonville departments and independent agencies.

The Local Major Issues Committee recommendations form a substantial component of the report. The Committee consisted of one member of the City Council and eight members that served on either the Office of Mayor Lenny Curry Transition Teams Subcommittees or on the Blueprint for Improvement II Task Force on Consolidated Government.

Local Major Issues Committee Members

The Honorable Matt Schellenberg – City Council District 6, Chair

Wyman Duggan, Esq., Vice-Chair

Rena Coughlin

Chris Hagan

Deno Hicks

Jeanne Miller, Esq.

Ginny Myrick

Janet Owens

Paul Tutwiler

The Committee hosted 16 public meetings between September 2017 and August 2018. Each meeting provided opportunity for public comment and feedback. The Committee considered and made recommendations related to the following topics:

- Strategic Planning and Integrated Mission
- Public Health
- Infrastructure
- St. Johns River and Its Tributaries
- Blight
- Economic Development
- Streamlining Growth and Opportunity
- Citizen Planning Advisory Committee (CPAC) Recommendations
- JTA Transit Oriented Development (TOD) Program

The Planning and Development Department recommends **APPROVAL** of the 2018 Assessment Report of the 2030 Comprehensive Plan attached as **EXHIBIT 1** to **RESOLUTION 2019-255**.
